

RETRACTABLE EXTERIOR SOLAR & INSECT SCREENS

FLEXSHADE ZIP SCREEN SYSTEMS

EXTRA WIDE SCREEN...

The **SUMMERSPACE® FLEXSHADE ZIP XL** allows you to have Zip screen coverage up to 25 feet wide!

Enjoy unobstructed views as the fresh air flows into your favorite space. Its revolutionary, unique construction firmly supports the fabric roll so there is no screen distortion. When closed, the entire roll fits within a compact 5-inch headbox.

EXTRAORDINARY VIEW.

ZIP XL (FOR WIDE OPENINGS)

THE SUMMERSPACE[®] FLEXSHADE ZIP XL SOLAR SCREEN offers all aspects of comfort for extra wide openings, including insect control, privacy and solar control. These retractable screens are revolutionary in design, covering widths up to 25 feet wide! With smooth functionality, they retract in seconds to fit within a discreet 5" headbox. These screens provide luxurious comfort with superb functionality.

Zip XL shown fully extended for privacy and sun protection

Zip XL retracted for full sun

The headbox for the Zip XL is designed to be barely noticeable on your home... a natural extension of your architecture.

ZIP TRADITIONAL

THE SUMMERSPACE[®] FLEXSHADE TRADITIONAL SOLAR SCREEN provides the same comfort as our XL, specifically for smaller openings and windows. The built-in Zip retention channel seals the sides of the retractable screen to your home to block out insects. Comfortable breezes are allowed to flow into your outdoor space, while providing privacy and solar control.

Zip Traditional shown partially extended to allow some sunlight

Zip Traditional shown fully extended for privacy, shade and protection from insects

The beauty of our Zip screen design is the perfect merging of the drop screen to your wall, creating a barrier to keep insects out of your space.

BOUNDLESS BEAUTY

SPECIFICATIONS

FLEXSHADE ZIP

- Our best retractable screen system, excellent for windows, large patio openings, and creating insect proof screen enclosures.
- Blocks up to 99% of solar heat transmission and can lower air conditioning costs by up to 60%.
- Available in custom sizes up to 25' wide and/or 16' tall.
- Sealed ball bearings for smooth, quiet operation.
- Low profile 1 5/8" wide fabric retention side channels.
- Very strong: Wind tunnel tested.
- The side channel retention track securely holds the fabric along its length preventing insects from passing and the fabric billowing in the wind.
- Three headbox cassette styles, dozens of mesh fabrics and six luxurious, textured powder coated frame colors.
- Zip 127 has motorized operation only.
- Zip 92 is available with gear operation up to 96" wide with a 92" drop.
